

Genova

UI Screens

Mobile app for young readers, the Genova website, and the admin dashboard & CMS

41 app screens

13 website screens

23 admin screens

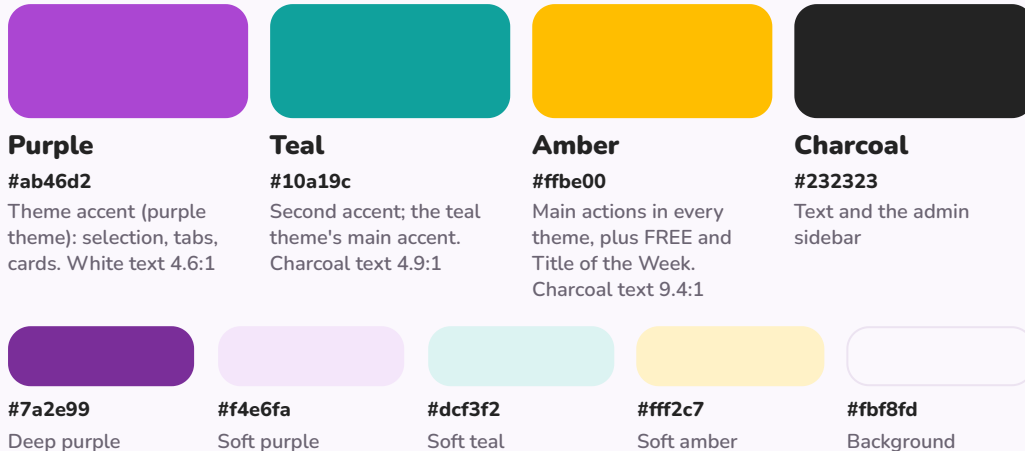

A CUSTAR product · October 2026

Screens show sample stories and sample data. The app is captured from the web build of the same code that ships to iOS and Android; the website and admin are shown with a test backend.

Brand, type and components

Built on the four CUSTAR brand colours: amber for main actions, with a purple and a teal theme. Charcoal text is used on teal and amber because white on teal is only 3.2:1.

Colour

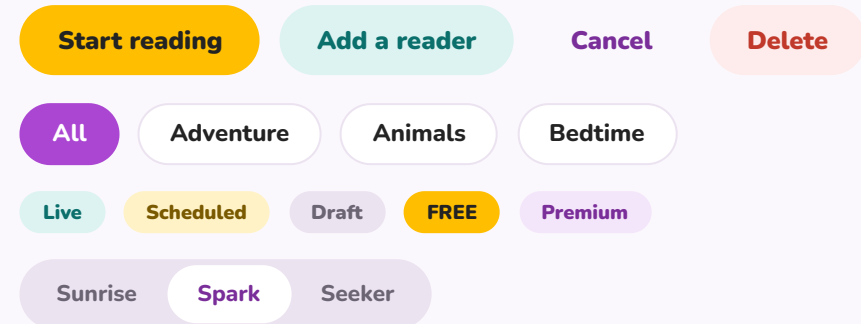

Typeface: Nunito

Hi, Ada! What shall we read today?

Popular right now · Most read this month

Spark · 4 min. Semi-bold for body, extra-bold for labels, black for titles.

Components

Design principles

- **Thumbnail first.** Covers and pictures carry every screen; text supports them.
- **Safe for children.** No ads, no prices, no purchase buttons. Grown-up areas sit behind a parental gate.
- **Type grows with the reader.** Earlier reading levels get larger text; every child can change it.
- **Easy to tap.** Controls are at least 44 pt; the whole app works one-handed.
- **Soft and springy.** Rounded shapes, gentle shadows and a light press-in on every tap.

How the app fits together

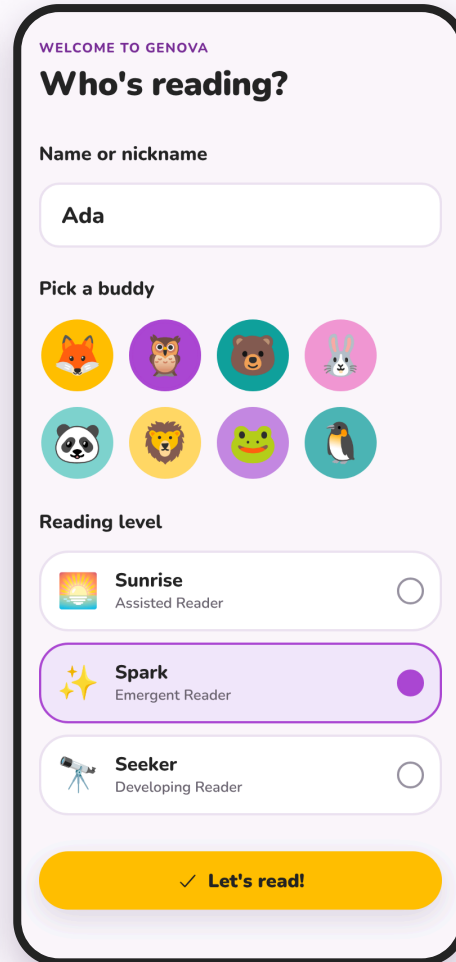

Getting started

First launch to the home screen. No account is needed to start reading.

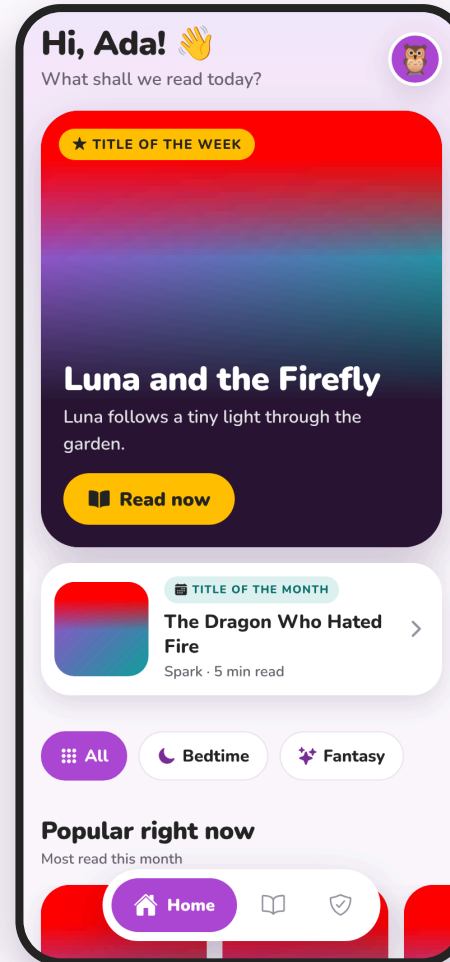

Who's reading?

First launch: a name or nickname, a buddy and a reading level: Sunrise, Spark or Seeker.

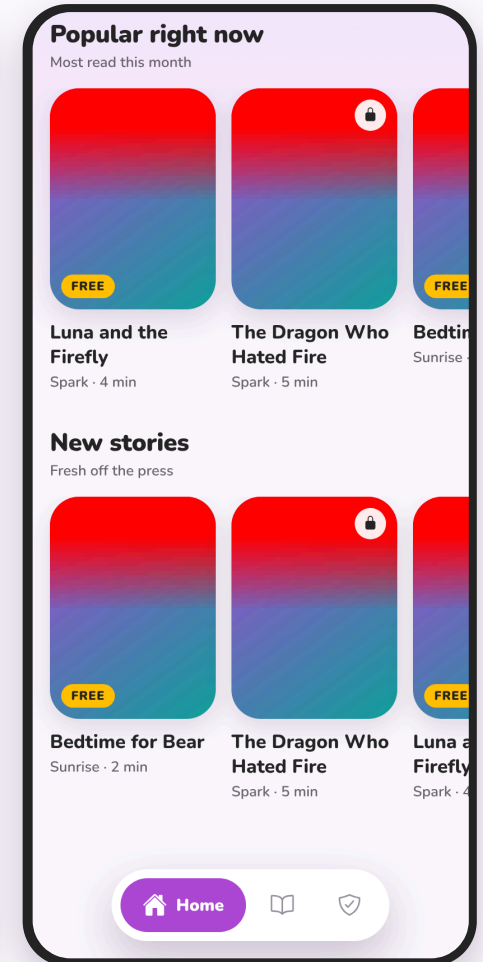

Profile ready

The chosen level is highlighted and the button enables once name and level are set.

Home

Title of the Week hero, Title of the Month and category chips. Covers lead everywhere.

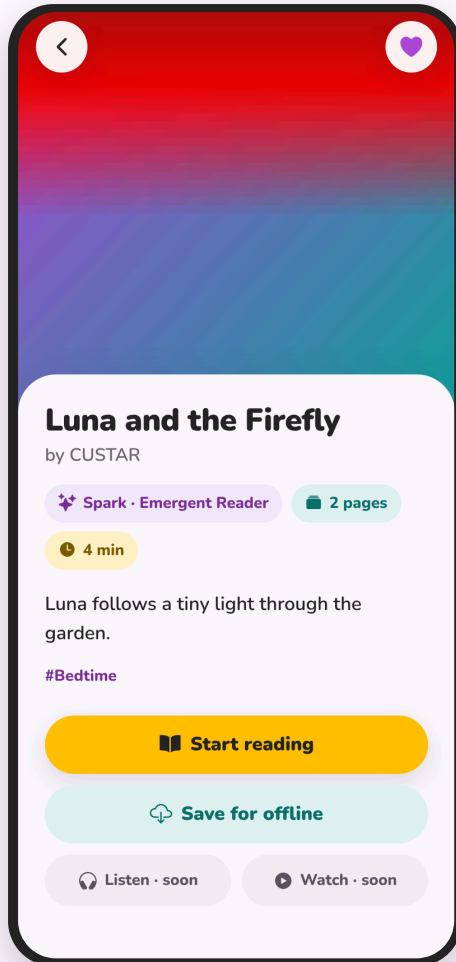

Shelves

Popular right now and New stories. FREE and lock badges sit on the covers.

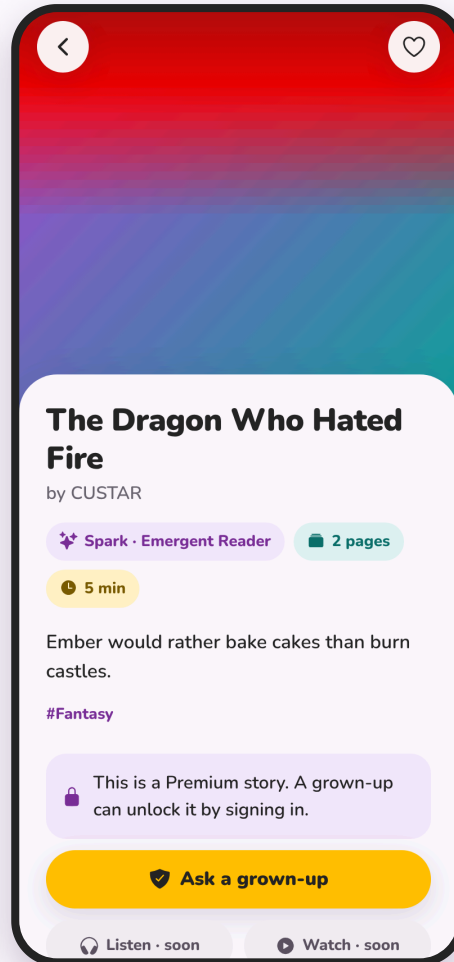

Discover and unlock

Story pages, locked stories and the parental gate that protects grown-up areas.

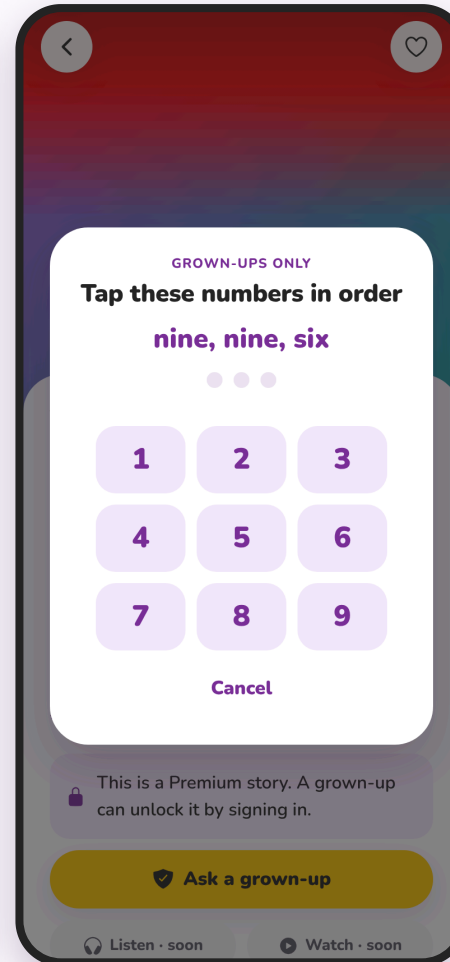

Story detail

Reading level, pages, reading time, synopsis, a favourite heart and Save for offline. Listen and Watch are reserved for later phases.

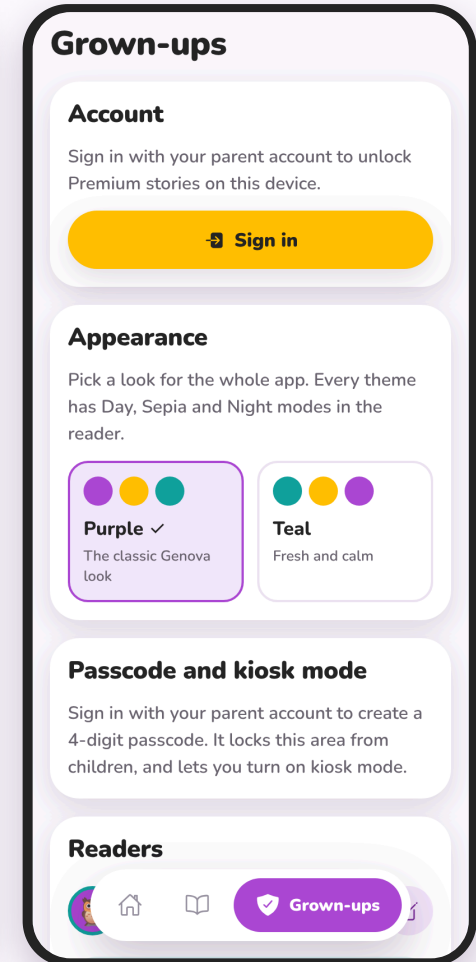

Premium story

Locked stories point children to a grown-up. There are no prices or purchase buttons in the app.

Parental gate

A number-word challenge pre-readers cannot solve. Guards the Grown-ups area, profile switching and web links.

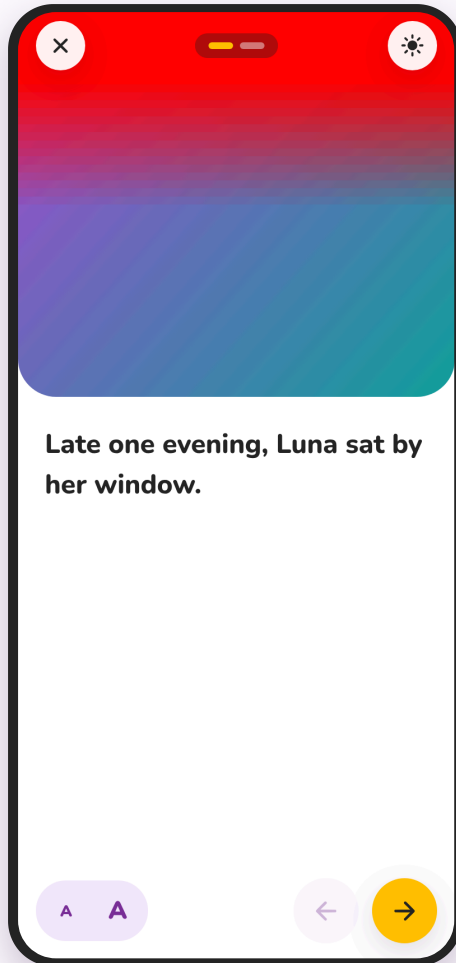

Grown-ups (signed out)

Sign in to unlock Premium on this device, manage readers, offline downloads and read the privacy policy.

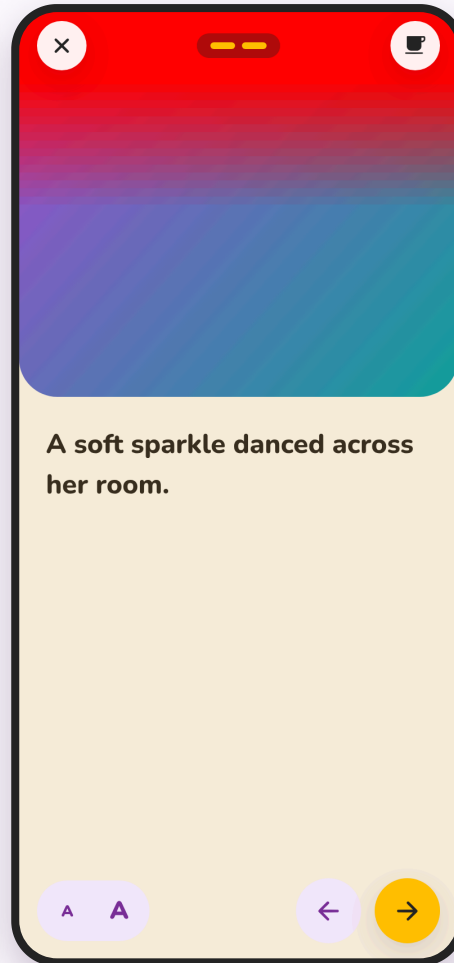

The reader

One picture per page with the text underneath. Type size follows the reader's level and can be changed.

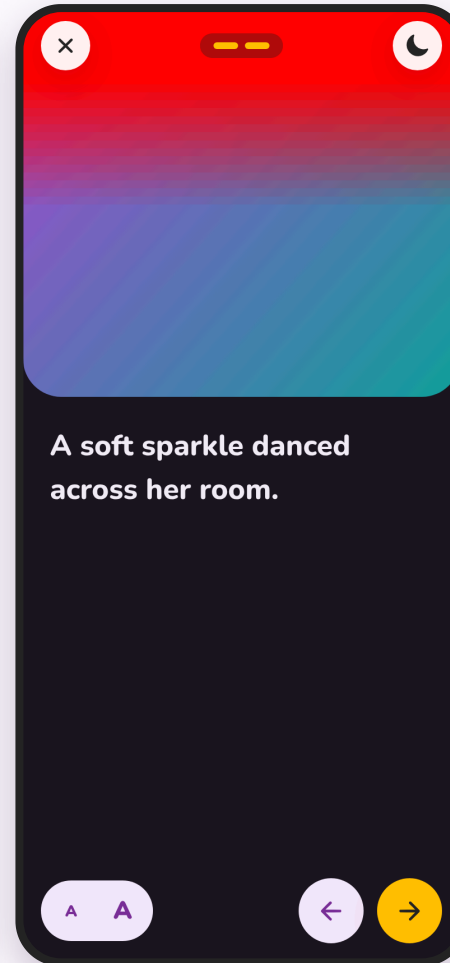

Day theme

Picture on top, text below, progress pills, and big next/back buttons.

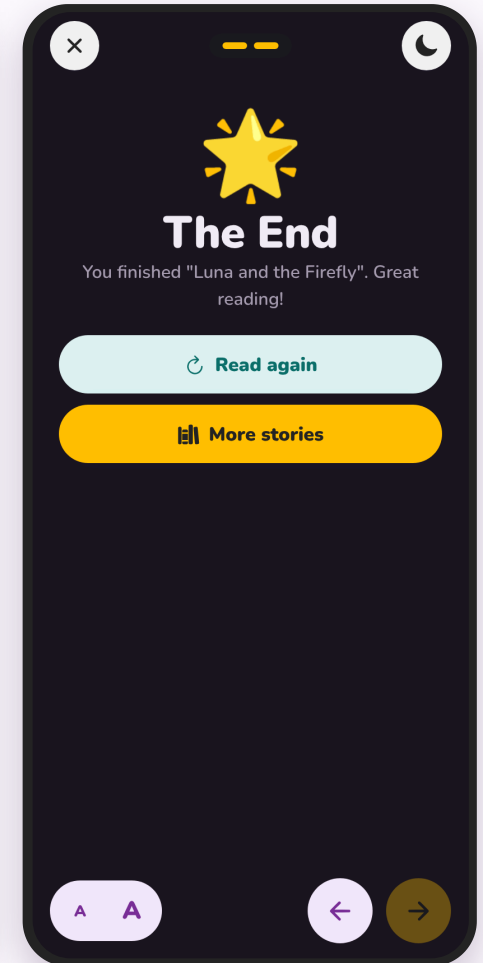

Sepia theme

A warmer page for lamp-lit reading. The theme button cycles day, sepia and night.

Night, larger text

Night theme with the A+ control used once, for bedtime reading.

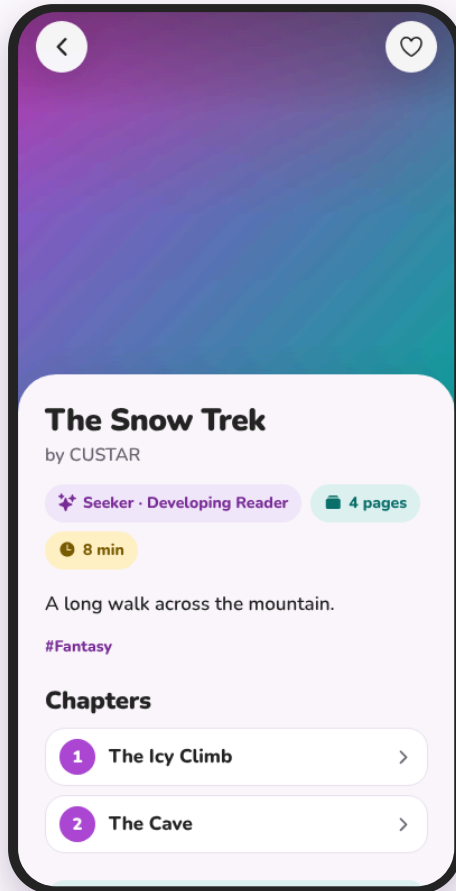

The End

A finish screen: read again, or go back for more stories. Progress is saved as the child reads.

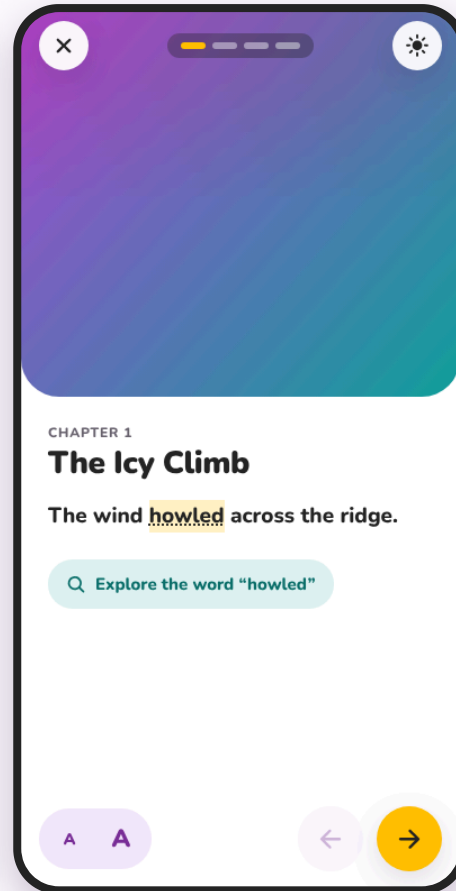

Chapters

A book can have chapters. The story page lists them, and the reader shows the chapter and can jump between chapters.

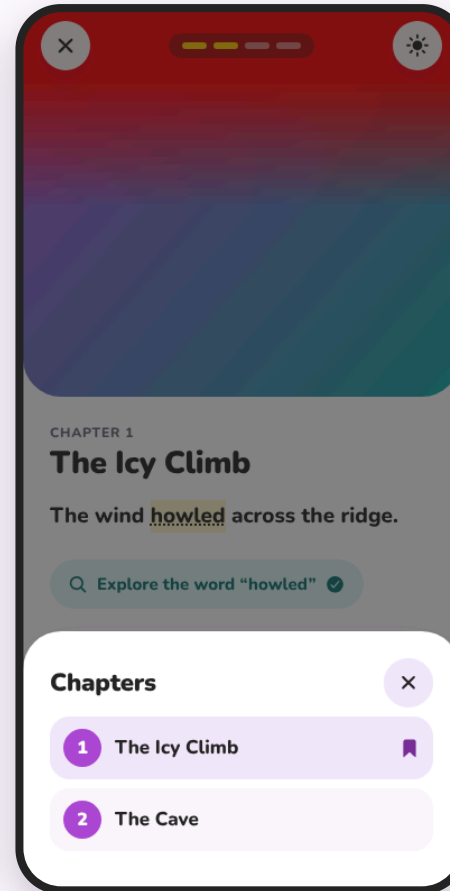

Story page

Chapters are listed (tap one to start there) along with the new words to explore.

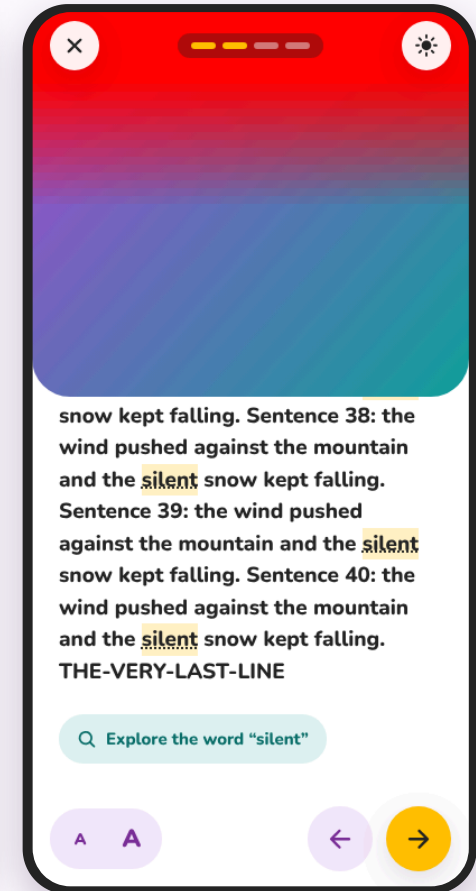

In the reader

The chapter heading sits above the text. The new word glows and can be tapped.

Chapter list

Tap the chapter heading to jump to any chapter.

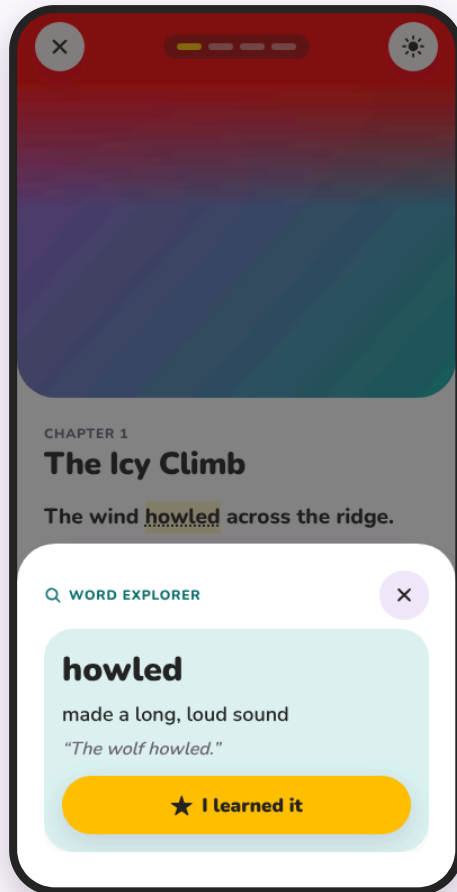

Long pages scroll

When a page has a lot of text it scrolls under the picture, and the last line stays clear of the buttons.

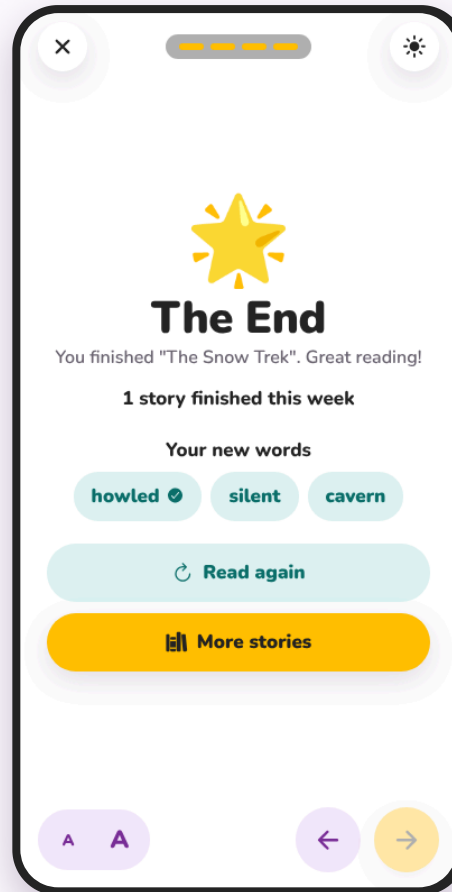

Word Explorer and reading stats

Spark stories have one new word and Seeker stories have three. Finished stories are counted per week, month and all time, and the team can reward the top readers.

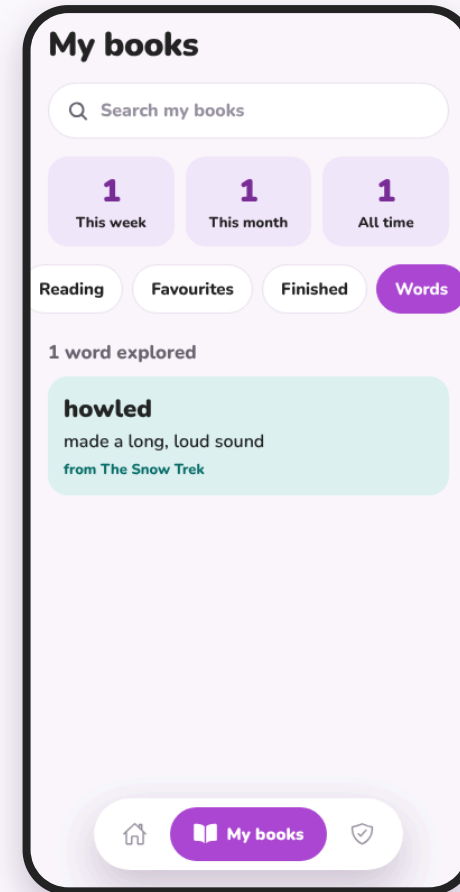

Word Explorer

Meaning and an example sentence; "I learned it" saves the word.

The End

The new words of the story and how many stories were finished this week.

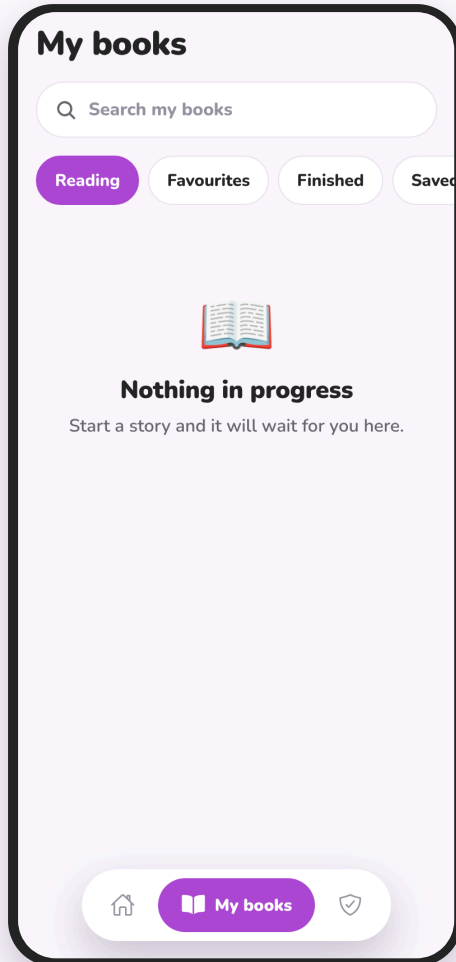

My words

Counts for this week, this month and all time, and a Words shelf. Rewards from the team show here too.

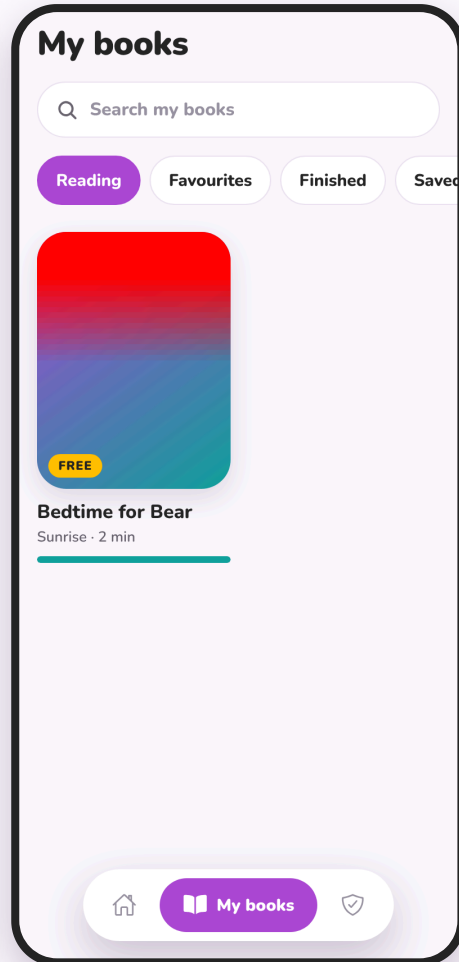

My books

A personal shelf for every reader on the device, with search.

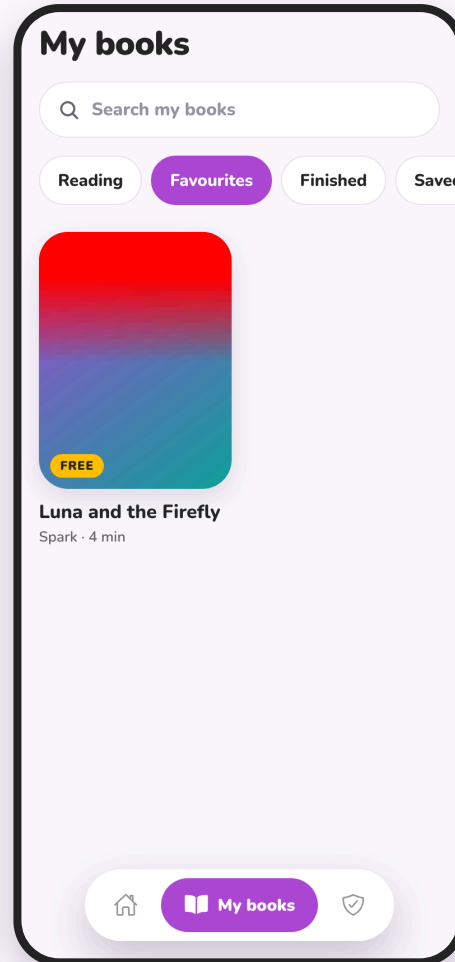

Empty state

Friendly empty states explain what will appear here.

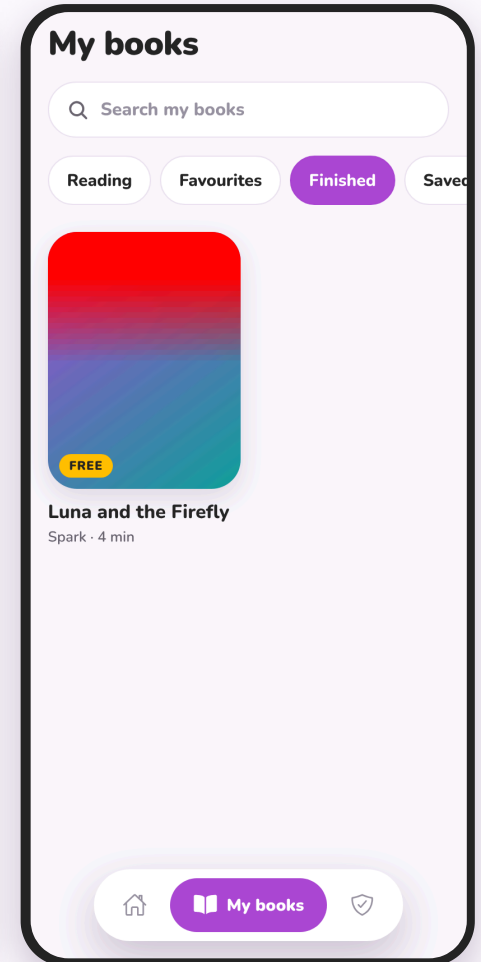

Reading

Stories in progress, with a progress bar under each cover.

Favourites

Everything the child has hearted.

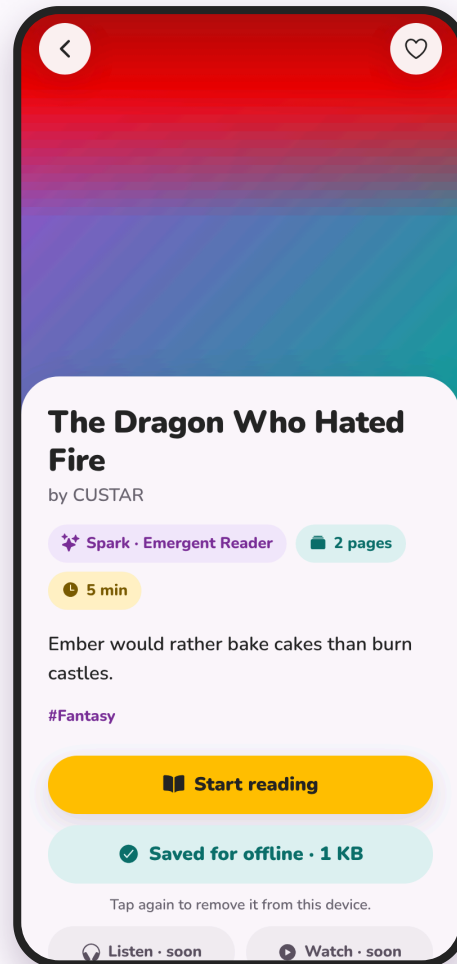

Finished

Stories read to The End.

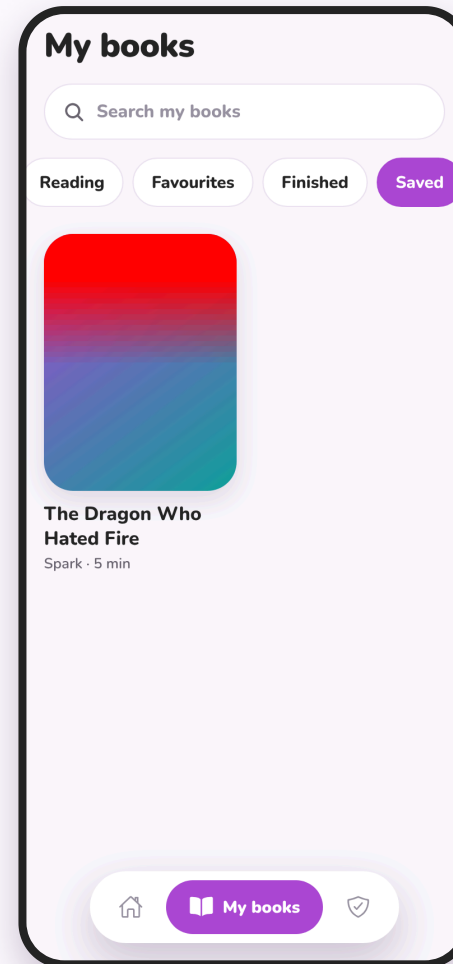

Offline reading

Save stories to the device and read them with no connection. The catalogue and Premium access are remembered too.

Saved for offline

A saved story shows a clear "Saved" state and can be removed at any time.

Saved tab

Saved stories come from the device, so this shelf works with no connection at all.

Sign in and password reset

Parents use the same email they register with on the Genova website.

PARENT ACCOUNT

Welcome back

Use the same email you register with on the Genova website.

parent@example.com

Save new password

Cancel

RESET PASSWORD

All set

Your password has been changed and you are signed in. You can close this screen.

Done

Parent sign-in

"Use the same email you register with on the Genova website." Create an account opens the website; Forgot password starts a reset.

Enter the code

We email a 6-digit code. Nothing sensitive travels through a link.

New password

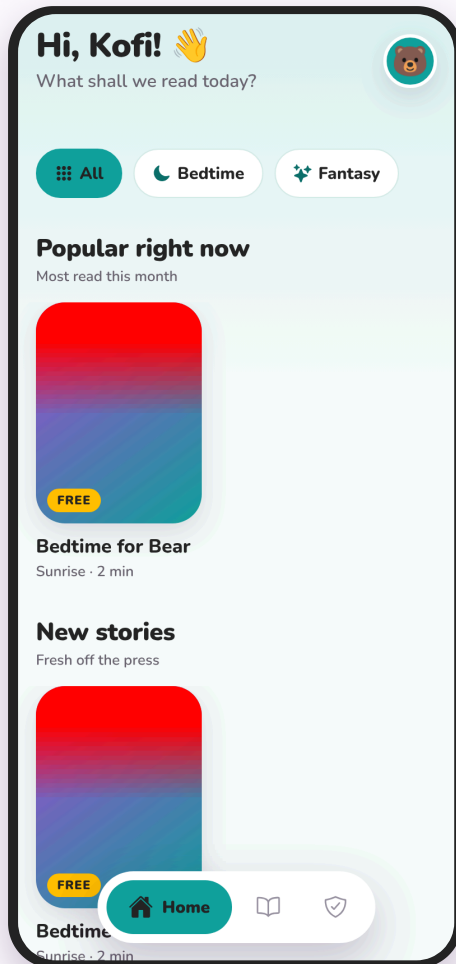

Choose and repeat a new password.

All set

The parent is signed in with the new password.

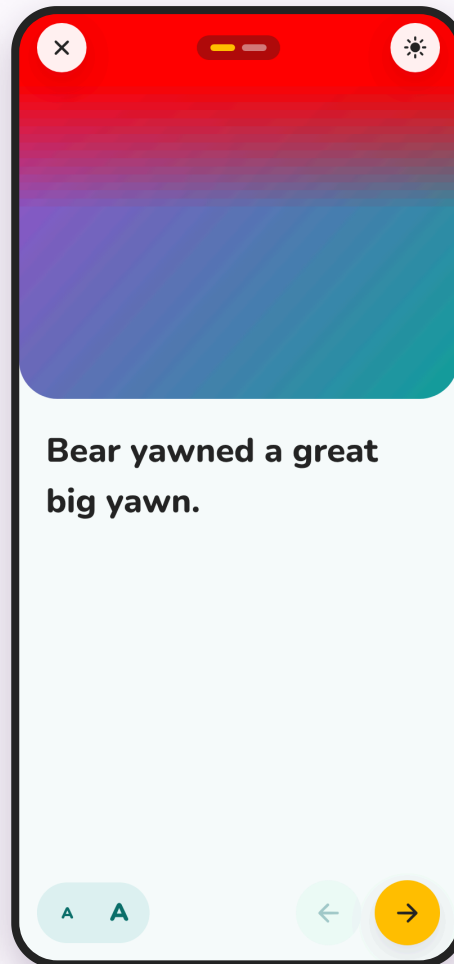

Themes and reader modes

Amber buttons for the main actions in every theme. Parents choose Purple or Teal in Grown-ups; each theme has its own Day, Sepia and Night modes in the reader.

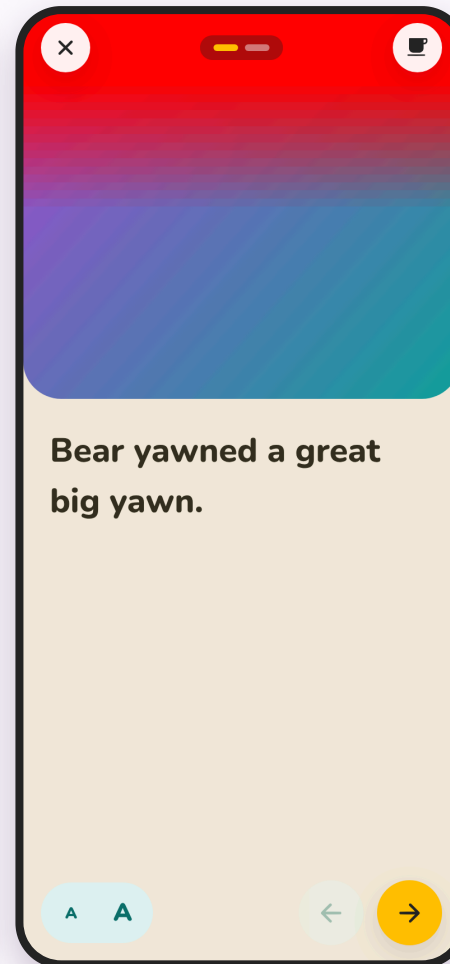

Teal theme: Home

Teal accents for selection, tabs and cards. "Read now" stays amber.

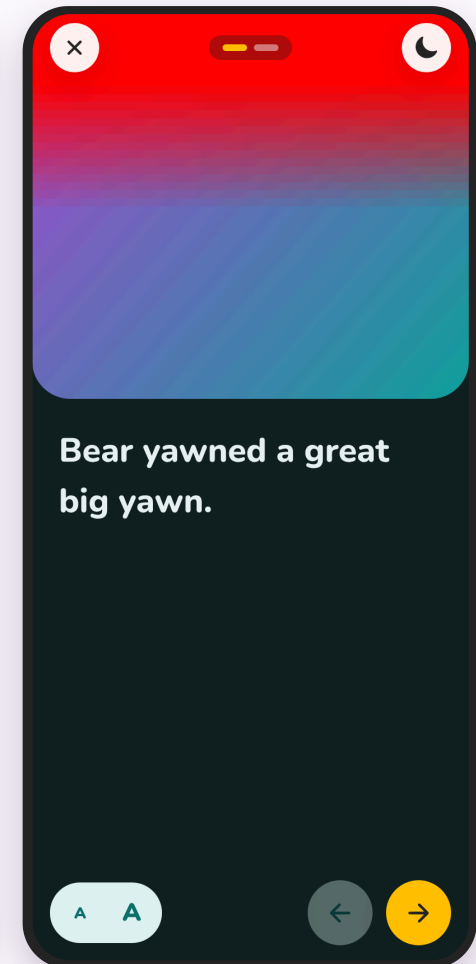

Teal: Day

Bright page. The next-page button is the amber main action.

Teal: Sepia

A warm page for lamp-lit reading.

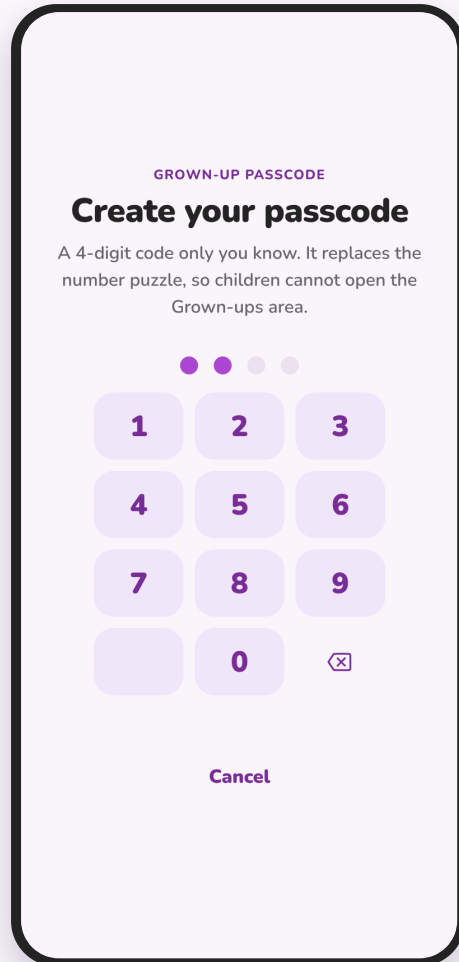

Teal: Night

Deep teal for bedtime. The reader remembers the last mode.

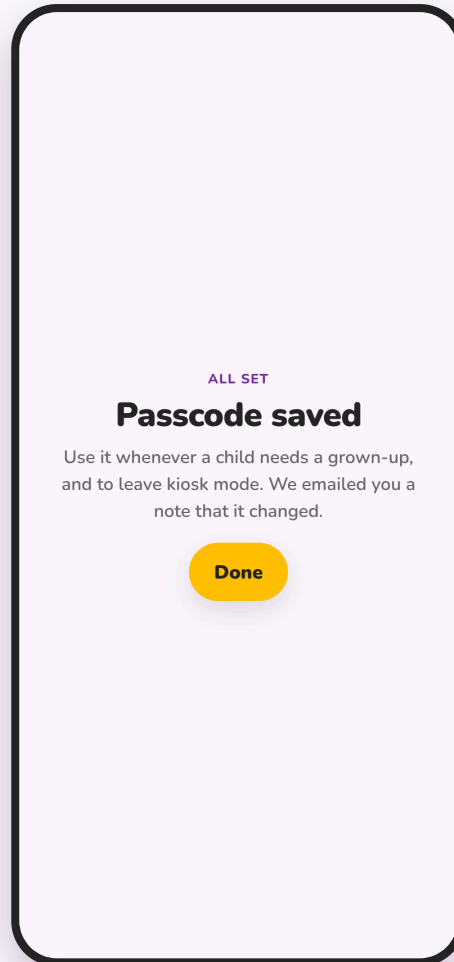

Passcode and kiosk mode

A parent with an account creates a 4-digit passcode. It replaces the number puzzle and is the only way out of kiosk mode.

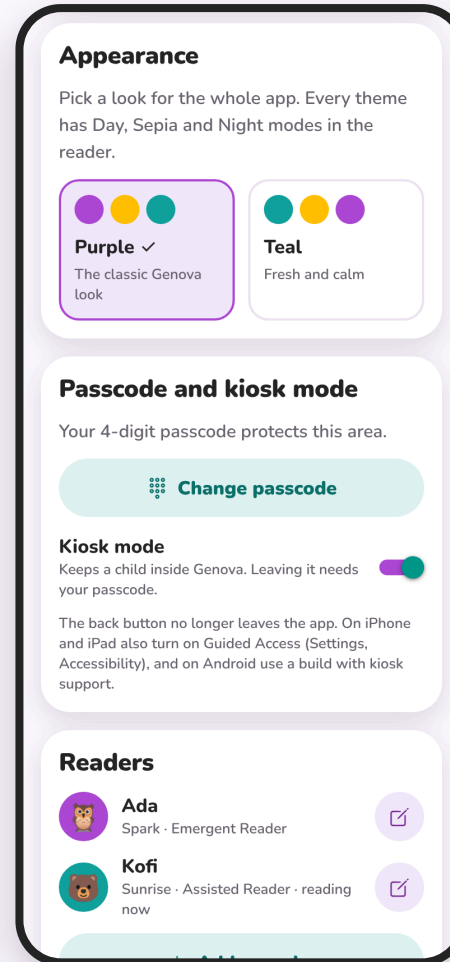

Create a passcode

Offered right after sign-in, or any time from Grown-ups.

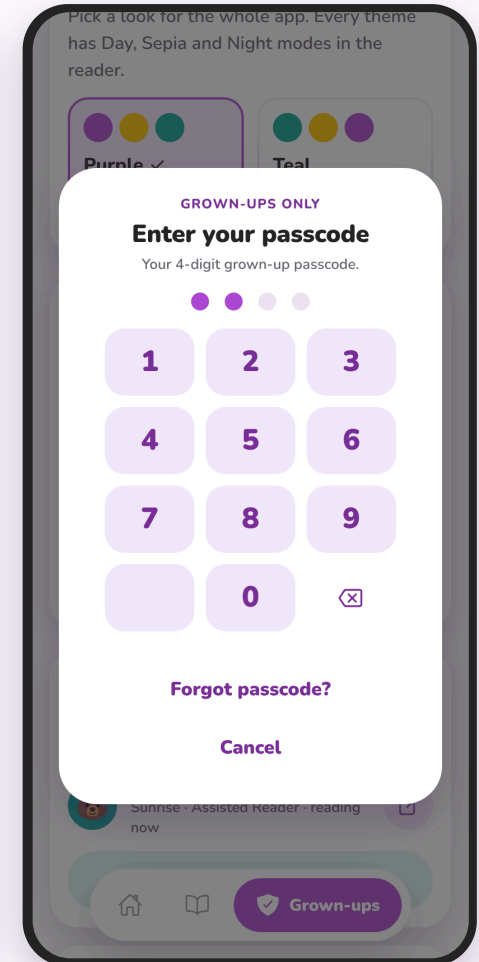

Saved

Only a salted hash is stored. We email a note that it changed.

Appearance, passcode, kiosk

Theme picker, passcode and the Kiosk mode switch with plain-language notes.

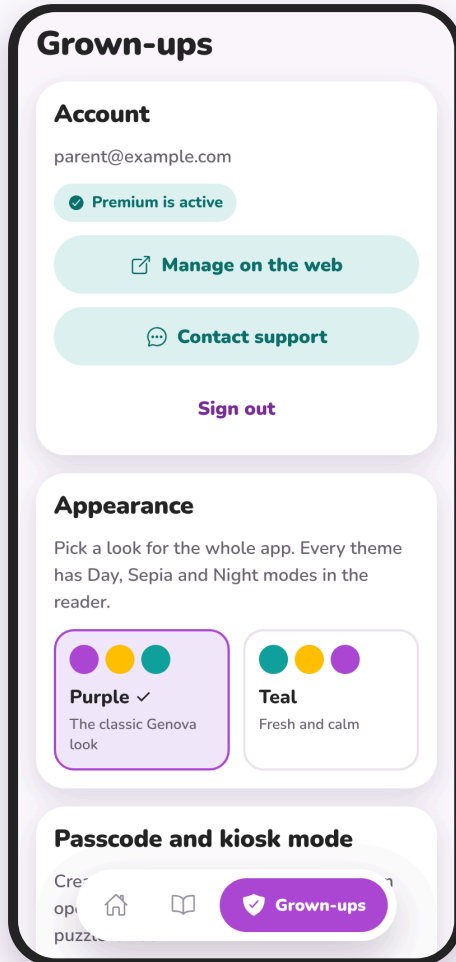

Passcode gate

Asked every time a child needs a grown-up, and again to leave kiosk mode. Five wrong tries lock it for a minute.

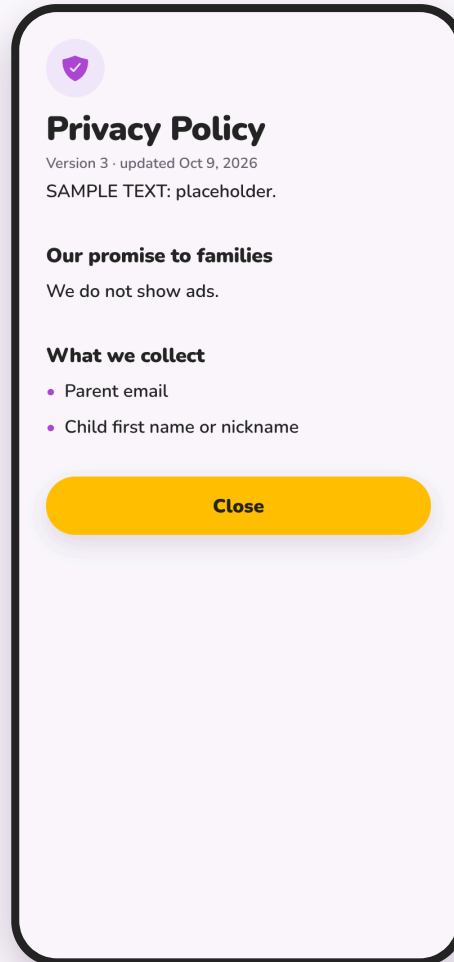

Readers and the Grown-ups area

Several children can share one device. Parents see their plan, readers, downloads and the privacy policy.

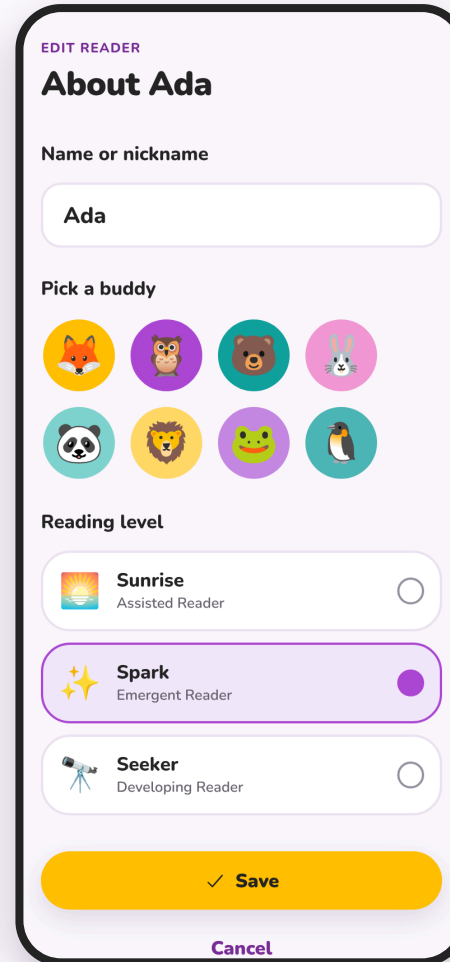

Premium active

Account status, Manage on the web, readers, offline storage and privacy.

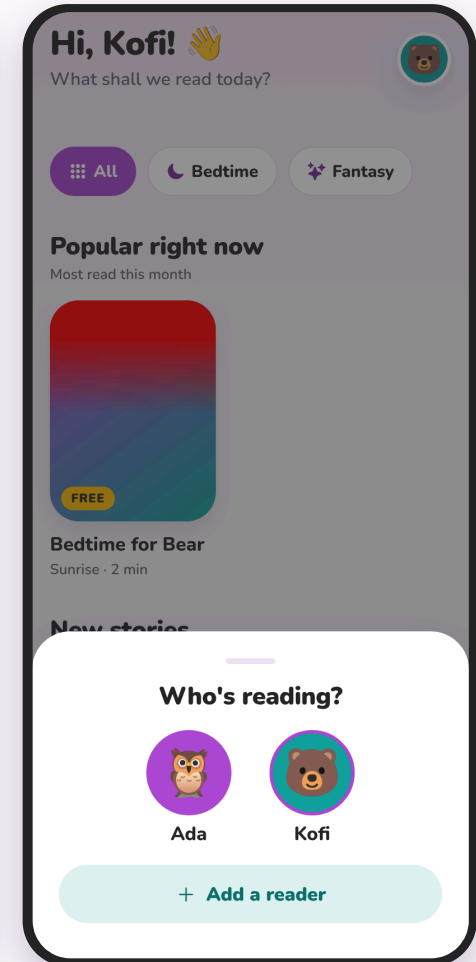

Privacy policy

Opens as a pop-up from the Privacy card. The text is edited by CUSTAR in the admin dashboard and saved on the device for offline reading.

Edit reader

Change name, buddy or reading level.

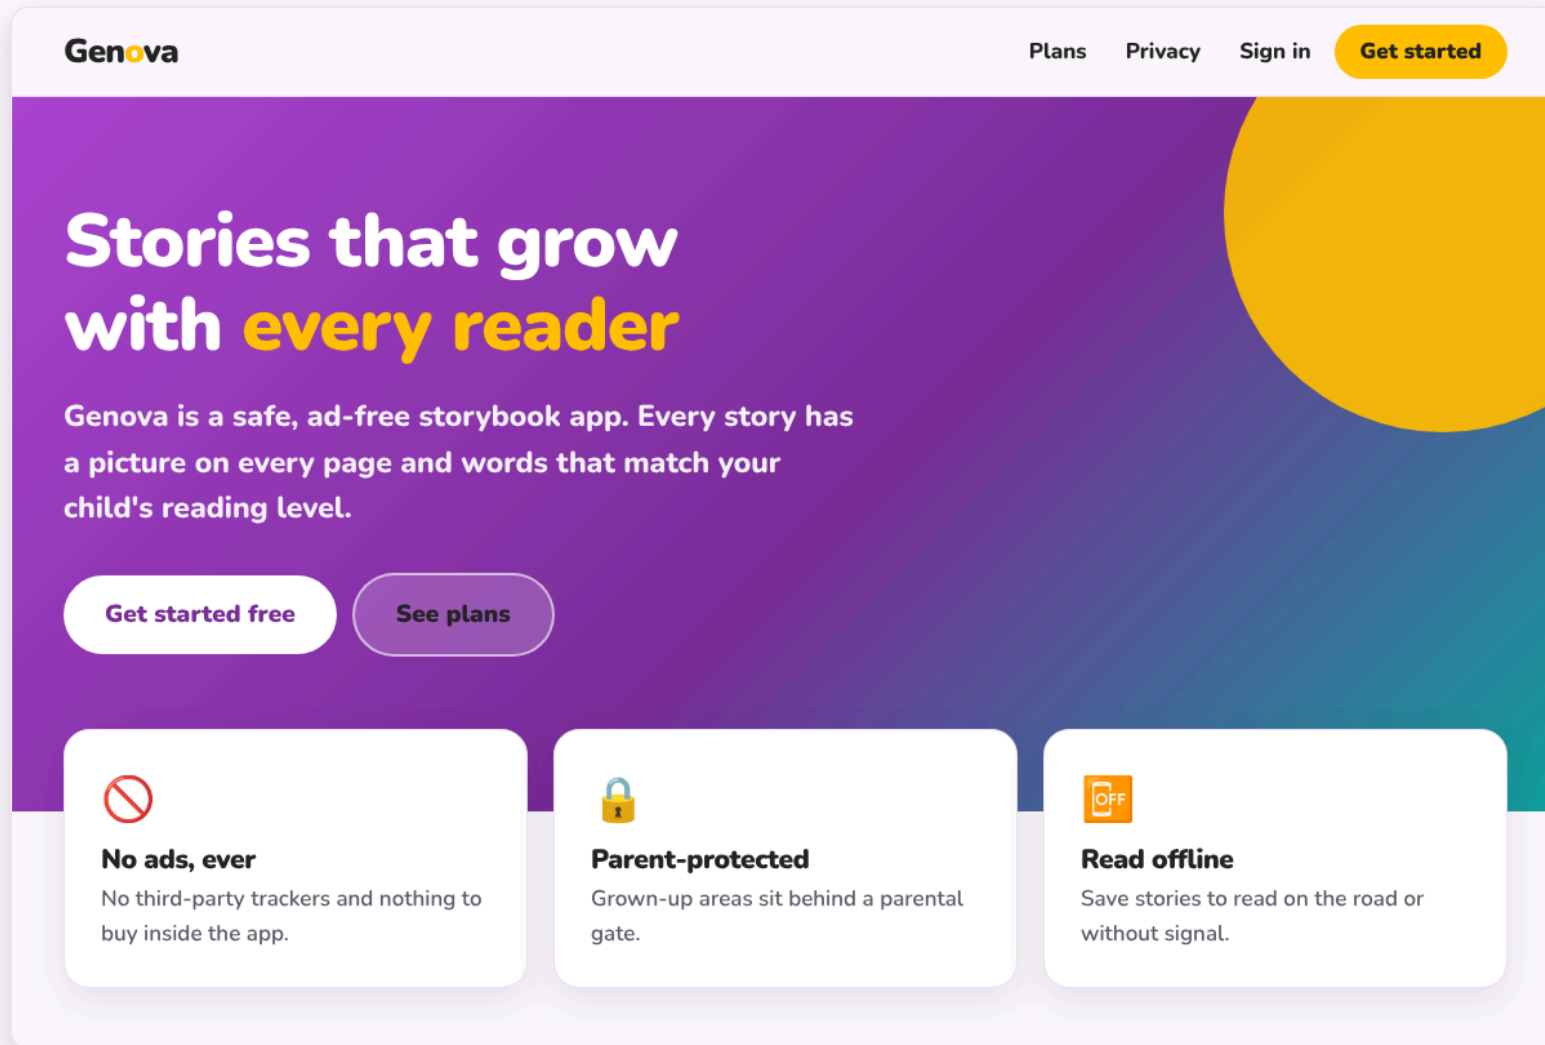

Switch reader

A bottom sheet from the avatar on Home, behind the parental gate.

Landing

Introduces Genova and its three reading levels, with plans and prices up front. No ages anywhere.

Landing page (top of page)

Plans

Free, Paid ₦5,000 per month and Paid ₦12,000 per quarter. Signed-out visitors go to sign-up first, then straight to checkout for the plan they chose.

Checkout

Your account

The Premium badge shows where the parent pays. Free accounts see Get Premium; the app unlocks with the same email.

The screenshot shows the 'Your account' page for a free plan user. The header includes the 'Genova' logo and navigation links for 'Plans', 'Privacy', and 'Account'. The main heading is 'Your account' followed by the email 'parent@example.com'. The 'Your plan' section shows 'Plan: Free' and 'Status: Free plan' with a 'Get Premium' button. Below this is a 'Contact support' section with a dropdown menu set to 'The app is not working', a text area for the message, and a 'Send to support' button. At the bottom is a 'Change password' section with a 'New password' input field.

Account: Free plan

The screenshot shows the 'Your account' page for a premium plan user. The header includes the 'Genova' logo and navigation links for 'Plans', 'Privacy', 'Account', and a 'Premium' badge. The main heading is 'Your account' followed by the email 'parent@example.com'. The 'Your plan' section shows 'Plan: Premium Quarterly' and 'Status: Active' with a 'Manage or cancel subscription' button. Below this is a 'Contact support' section with a dropdown menu set to 'The app is not working', a text area for the message, and a 'Send to support' button. At the bottom is a 'Change password' section with a 'New password' input field.

Account: Premium badge

Privacy consent at checkout

Before paying, the parent ticks a consent box and can read the privacy policy in a pop-up (the same text as the app). The consent and policy version are saved with the account.

The screenshot shows the Genova Checkout page. At the top, the Genova logo is on the left, and links for Plans, Privacy, and Account are on the right. The main heading is "Checkout", followed by the subtext "You are one step away from the whole Genova library." Below this is a white card containing the following information:

- Premium Quarterly**: Best value: save 20% - save 20%
- #12,000**: every 3 months
- Account**: parent@example.com
- Renews**: Automatically every 3 months. Cancel any time.
- A consent box with a checkbox and the text: "I am the parent or guardian. I have read the [privacy policy](#) and I consent to Genova handling my child's reader profile (first name or nickname, avatar, reading level and reading activity) as it describes."
- A yellow button: "Pay #12,000 with Paystack"
- Small text: "You will be taken to Paystack to pay securely; we never see your card details. If a renewal fails you keep Premium for 5 more days, then your account moves back to Free automatically. Your consent is saved with your account."

At the bottom of the card is a link: [← Back to plans](#). Below the card is a dark footer with the Genova logo, a description of the product, and links for Plans, Your account, Privacy policy, Help, Contact support, support@custar.com, and Staff sign in. A copyright notice is also present: © 2026 CUSTAR. Payments are processed securely by Paystack.

Checkout: consent box

The screenshot shows a Privacy Policy pop-up over a dark background of the checkout page. The pop-up has a white background and a "Close" link in the top right corner. It contains the following information:

- Privacy Policy**: Version 3
- SAMPLE TEXT: placeholder.
- Our promise to families**: We do not show ads.
- What we collect**:
 - Parent email
 - Child first name or nickname
- A yellow button: "I have read it and I agree"
- Small text: "You will be taken to Paystack to pay securely; we never see your card details. If a renewal fails you keep Premium for 5 more days, then your account moves back to Free automatically. Your consent is saved with your account."

At the bottom of the pop-up is a link: [← Back to plans](#).

Password reset and privacy

Forgot password uses an emailed code, as in the app. The privacy policy page shows the same text as the app, edited from the admin.

The screenshot shows a web page for 'Genova' with a navigation bar containing 'Plans', 'Privacy', 'Sign in', and a yellow 'Get started' button. The main content area features a white card with the title 'Enter the code'. Below the title, a message states: 'We sent a code to parent@example.com. It can take a minute to arrive; check your spam folder too.' This is followed by the label 'Code from the email' and a text input field. A yellow 'Continue' button is positioned below the input field. At the bottom of the card, there are two links: 'Send a new code' and 'Back to sign in'.

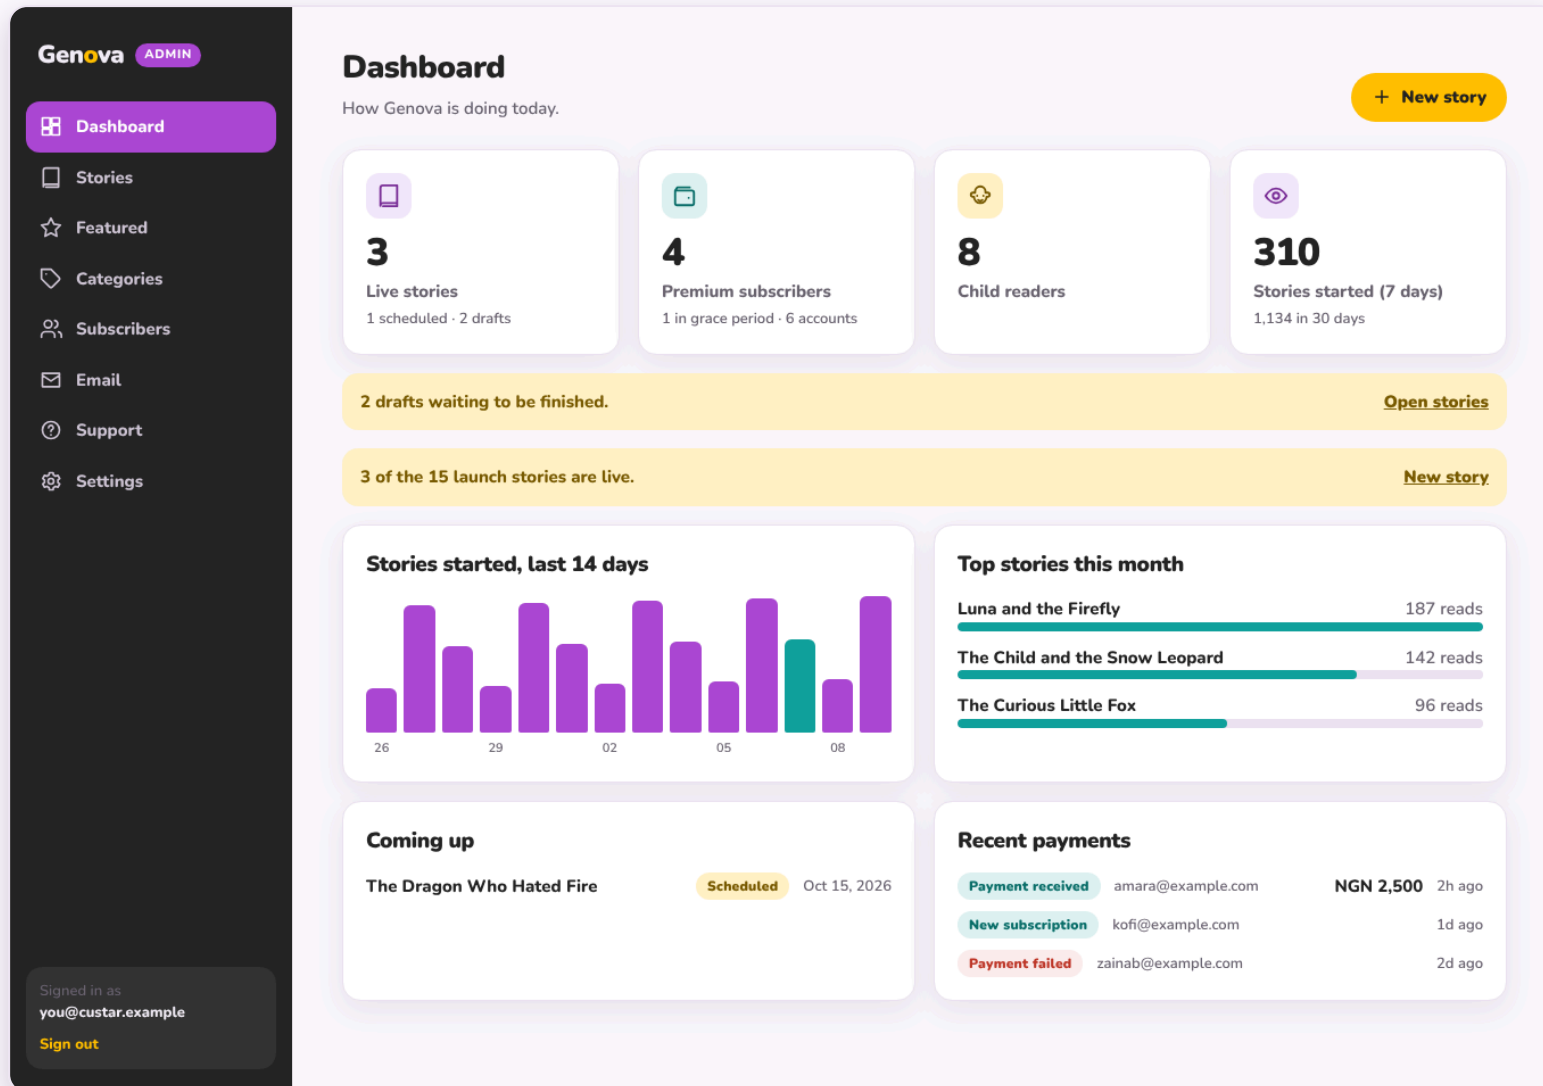

Forgot password: enter code

The screenshot shows a web page for 'Genova' with a navigation bar containing 'Plans', 'Privacy' (highlighted), 'Sign in', and a yellow 'Get started' button. The main content area features a white card with the title 'Privacy Policy' and a subtitle 'Version 3 · updated 9 October 2026'. Below the subtitle, there is a placeholder text 'SAMPLE TEXT: placeholder.' followed by two sections: 'Our promise to families' with the text 'We do not show ads.' and 'What we collect' with a bulleted list: 'Parent email' and 'Child first name or nickname'. The footer is a dark grey bar with the 'Genova' logo and tagline 'Storybooks that grow with every reader. A CUSTAR product.' on the left. In the center, it lists 'Plans', 'Your account', and 'Privacy policy'. On the right, under the heading 'Help', it lists 'Contact support', 'support@custar.com', and 'Staff sign in'. A copyright notice '© 2026 CUSTAR. Payments are processed securely by Paystack.' is at the bottom left of the footer.

support@yourdomain.com (optional)

Support notifications

Where new support requests are announced (optional)

Save settings

Activate email

Send a test

How to set up Resend (free)

1. Create a free account at **resend.com**. The free plan includes 3,000 emails a month (100 a day).

2. Open **Domains** and add your domain (for example custar.com). Add the DNS records Resend shows, then wait for it to say Verified.

3. Open **API Keys** and create a key. "Sending access" is enough. Copy it (it starts with re_).

4. Paste the key here, fill in the From email on your verified domain, press **Save settings**, then **Activate email**.

5. Send yourself a test.

No domain yet? Resend lets a new account send from onboarding@resend.dev, but only to the email address you signed up with. Good for testing only.

Once on, these send automatically: welcome email, subscription receipt, payment-due notice, cancellation, and passcode/password change alerts. Edit the wording on the Templates tab.

Email: send to parents

Write a message, pick the group (Premium, payment overdue, ending soon, Free or everyone), preview it as parents see it, then send.

The screenshot displays the 'Email' section of the Genova Admin Dashboard. On the left is a dark sidebar with navigation links: Dashboard, Stories, Featured, Categories, Subscribers, Email (highlighted), Support, and Settings. The main content area is titled 'Email' and includes a sub-header: 'Message your parents with Resend. Receipts and reminders go out by themselves.' A status indicator 'Email is on' is in the top right. Below the header are tabs: Send, Reminders, Templates, Connection, and History. The 'Send' tab is active, showing a 'Write an email' form. The form has four sections: 'Template' (dropdown menu showing 'Admin broadcast'), 'Send to' (dropdown menu showing 'Everyone with Premium'), 'Subject' (text input showing 'A message from Genova'), and 'Message' (text area containing a sample message about new stories). Below the message area is a note: 'Write your message. Use "# Heading", "- bullets" and a blank line between paragraphs.' At the bottom of the form are 'Send' and 'Preview' buttons. To the right of the form is a 'Preview' section showing how the email will look to parents, including the Genova logo and the sample message content.

Email: write and preview

Email: scheduled reminders

A daily job (09:00 Nigeria time) sends three reminders: renewal coming up, Premium ending after cancelling, and last chance after a missed payment. Turn each on or off and choose how many days before. Each parent gets each reminder once per billing period.

Admin sign in

Admin-only access, on the website at /admin/. Signed-in accounts that are not admins see a clear "No admin access" message.

A screenshot of the admin sign-in page for 'Genova'. The page has a purple-to-blue gradient background. In the center is a white rounded rectangle containing the login form. The form includes the 'Genova' logo, the text 'Admin dashboard · CUSTAR', an 'Email' field with the placeholder 'you@custar.com', a 'Password' field with the placeholder 'Password', and a yellow 'Sign in' button.
